THE GUEST SPEAKER FOR DECEMBER IS

KATHY WISE

Plan to join us on December 17 at 8:00 pm for a conversation with Kathy Wise.

Kathy has been an artist all of her life. She has worked in both two and three dimensional media including clay, stone, and wood. She has designed and carved a full size carousel rocking horse for her daughter. In Fall of 2004, ScrollSaw Woodworking & Crafts published the first article by Kathy featuring a Boston Terrier intarsia design and step by step instructions. She has had an article in every issue since then with over 45 articles to date. In addition to her articles, Kathy has written three books **Intarsia Birds: Woodworking the Wise Way**, **Intarsia Woodworking Projects**, and **Intarsia Woodworking for Beginners**. Kathy has been sculpting dogs and animals professionally for over 30 years. Kathy sells intarsia patterns on her website at kathywise.com

I hope you will plan to join us.
