Mark Dugniske

Mark has been labeled "The Bandsaw Guy" because he is the author of "The New Complete Guide to the Bandsaw". He won a national award in 2008 for this book. He is a fourth generation woodworker in Wisconsin and his family has been in the woodworking business since 1883.

He would like to address the poor information that is communicated in the various magazines and self-appointed experts. It should be an interesting chat.

Mark was not able to join us live due to technical difficulties. Steve sent him a list of questions that Mark answered. This is a link to that transcript.
