## INLAY WORKSHOP WITH MATT FURJANIC

The inlay workshop with Matt Furjanic was a great success. I did not get to go, but the pictures and comments were amazing.

I am always impressed when I see the talent at NCWW willing to teach and help others.

The ones I spoke with seem to be willing to try this on their own. That says a lot. This is a link to Bill Clemmons pictures of the event: [Inlay Workshop w/ Matt Furjanic](#)

I can't wait to see who will be the next to teach us something new! If you want to hold a workshop and need help setting it up, contact Mike Davis. He is our expert!

### Special Guest Chat

By Steve Honeycutt

In July 2012, we started a special guest chat series. The first guest was Steve Coles, founder of NC Woodworker.net (NCWW) and President at the time. He spoke about the upcoming year and the many things that he hoped to accomplish.

In August, Brian Boggs was the guest. Brian is an award-winning, well-known chair maker living in Asheville, North Carolina. While in Asheville, he has established the Boggs Collective (<http://www.boggscollective.com/>) which is a collection of artists and craftsmen dedicated to design and produce exquisite furniture in a reliable and sustainable manner. Brian has over 30 years of experience making chairs.

In September, Tommy MacDonald joined the chat. Tommy is the host of the TV show "Rough Cut with Tommy Mac." Tommy is an accomplished furniture maker and designer. He is a graduate of the North Bennet Street School and has also been featured in Fine Woodworking magazine. He was awarded "Best in Show" at the 2006 Providence Fine Furnishings Show for his "Body of Work". His TV show has earned a Daytime Emmy.
