THE FIRST EVER FIREFIGHTER OUTREACH SESSION

The Firefighters were fun, willing participants. Other members of the Firehouse stopped in to check it out. I think we will be scheduling more sessions for these Heroes. They were busy the whole time and kept us busy too! They even had a few ideas of projects that they wanted to try

We made Band saw Boxes

We worked at the Scroll Saw

There were miniature bats at the Lathe

Wooden Goblets

There we all are!

Another happy Fire Fighter

NCWW 2014 CALENDAR CONTEST WINNERS

GUEST SPEAKER CHAT

PART 3

By Steve Honeycutt

October 2012, we chatted with David Marks, internationally known as a master craftsman of fine furniture, turner, sculptor, and host of the television show "WoodWorks". David hosted 91 episodes of "WoodWorks", which started in 2001. David has won numerous awards for his woodworking, including two NICHE Awards. He is a three time winner of Best of Show in Artistry in Wood in Sonoma County, California. The Best Piece Turning in Artistry in Wood for 2009, and an Award of Excellence for his Japanese Maple Leaf Long Neck Vessel in 2012. He has been featured in numerous magazines, including the prestigious British publication "Woodturning Magazine". David was our first west coast speaker.

November 2012, Marc Spagnuolo, The Wood Whisperer, was the guest speaker. Marc is a podcaster, video producer, and woodworking enthusiast. He has produced articles and videos for Fine Woodworking Magazine, Popular Woodworking Magazine, and Wood Magazine. Marc served a short apprenticeship with David Marks. As a surprise, David Marks joined us again during the discussion with Marc. <http://www.thewoodwhisperer.com>

An early Christmas present for NCWW arrived December 20, 2012. Roy Underhill, author and host of "The Woodwright's Shop", was the guest for December. Roy demonstrated his charm, wit, and knowledge of all things woodworking. Roy also accepted an invitation to help with the Outreach Program with the Wounded Warriors. <http://www.woodwrightschool.com/> A link to the video done by Kevin (jazzflute) is here: <http://youtu.be/CmX9OgTEjkw>
